CROSSING THE BAR.

Sunset and evening star,
And one clear call for me!
And may there be no moaning
of the bar
When I put out to sea.
But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out
the boundless deep
Turns again home.
Twilight and evening bell,
And after that the dark!
And may there be no sadness
of farewell
When I embark;
For tho' from out our bourne
of time and place
The flood may bear me far,
I hope to see my pilot face to face
When I have crossed the bar

Outing Club

The Outing Club was started in the fall of 1991. Its original intent was to provide an alternative stress relief of the pressure which build up during the week. From our inaugural trip to the summit of Mt. Washington, to our annual trek to Acadia National Park, we tried to share our experiences with all we came in touch with. Some of our activities included: canoeing, camping, hike, rock and ice climbing, mountain biking, kayaking, and even a skydiving trip. I know everyone who participated left with memories which will last forever. I would like to take a moment to thank a few folks who made it possible: Chris Conroy for the initial idea, SMU/UMD Outing Club for being our big brother and letting us tag along, Al Davis for lessons in trip planning (PFM for all the food), and enthusiasm, and most of all, those cadets who made it happen! Thanks and see you on the Rocks!!

Bob Jr.,

Through your life ascents
you've made us proud.
Maintaining individualism
never "just one of the crowd."
As you continue your climb
through life's valleys and peaks,
may your joys and satisfactions
be all that you seek.

With much love
and congratulations,

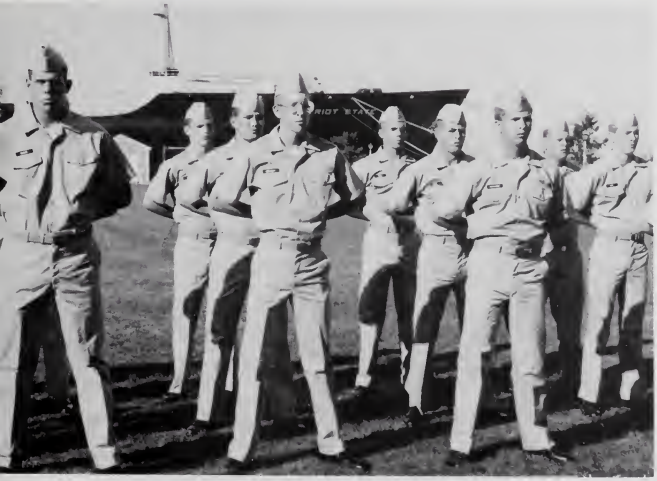
Student Government Association

As we come to the end of another year, the Student Government has come to its first major crossroad, through the hard work and dedication of several people, we have had a very productive and educational year. The SGA family took its role seriously as being a large contributor to the decision-making process at the Academy. Our voices were heard and our questions answered. They have opened several channels for our descendants to follow, and we hope that they continue to make themselves heard. SGA hopes that the year went as smoothly for the Regiment as they wished. We deserved it.

Stephen Ruggiero
SGA President.

ORIENTATION



RECOGNITION DANCES

Only youths of good character, who will appreciate and avail themselves of the instruction, are admitted. Cadets will not be retained in the school unless they yield prompt and willing obedience to the rules and regulations of the ship and obtain fair marks in their studies. Youths who are not rugged in physique and resolute and ambitious in spirit, or who are unstable of purpose or at all afraid of work, wet, cold, or the general privations that may accompany a sea-faring life, are unfit to become nautical cadets.

THE TRADITION CONTINUES ...

Sailing

The Varsity Sailing Team had it's most successful year ever. With the arrival of a new coach, Tom Olson, and a lot of new talent, the team has been able to bring recognition to the team and to MMA athletics. The team has accomplished everything from winning small dinghy invites to winning the McMillan Cup at the U.S. Naval Academy in 44 foot offshore racing boats. The McMillan Cup serves as the East Coast intercollegiate offshore championship and this year was the first time MMA has ever won this event. The team is young which shows promise for a strong team for the next few years. With the positive drive the team is on now they hope to be one of the top 20 teams in the country within the next year. As a senior and captain of the team I would like to thank the team for the great times and camaraderie over the last four years and I wish them the best of luck in the future.

BUCCANEER LACROSSE 1994

Head Coach: Jerry Fay

Coach Fay enters his sixth season as head coach of Lacrosse at the Academy with a 25-28 career mark. Three of his previous five have been winning years. The Bucs finished 7-5 in 1993 (5-4 in the Pilgrim League). His 1992 team earned the Marsters Trophy as the most improved team in New England Lacrosse from the previous season.

Assistant Coach: Craig Potter (2nd season)

Coach Potter joined the coaching staff last Spring as a full time assistant after spending the previous season helping out on a time available basis.

Assistant Coach: Greg Clements (1st season)

Coach Clements was a two time All American lacrosse selection while at Springfield College. He is a Falmouth native and was able to schedule the time to coach at the Academy this spring. He is a tremendous addition to an already strong staff.

LACROSSE

THE OUTLOOK:

The 1993 Bucs got off to a fast 4-0 start and looked as if they would challenge Roger Williams U. for the '93 Pilgrim League Title. They split their next four games, and dropped 3 of their last four as injuries and lack of depth took their toll. Due to the implications of the delayed training cruise, the '94 Bucs may not be able to meet their complete Pilgrim League schedule and would therefore be ineligible to compete for the title. An interesting addition to the schedule, however, is the first annual 'Maritime Tournament' to be hosted on April 16 and 17 by U.S. Merchant Marine Academy. The field includes Maine Maritime and New York Maritime.

Leading scorer Jon Lauria returns for his senior season as does Kevin Piecewicz and goal keeper Chris Petrillo. This trio will captain the '94 squad.

Four of last season's top eight scorers return, along with 10 other lettermen, but the '94 Bucs will be a relatively young and untested team. The defense will be bolstered by senior Tom Owens and the play of veteran Petrillo in goal. The majority of the scoring burden will fall to Lauria and Piecewicz with help from sophomore Graig Joyce. In light of all the unknowns at this writing, the only certainty is that the '94 Bucs will be aggressive and opportunistic, as has been their trademark over the past 5 seasons.

The Lady Bucs finished one game under .500 (7-8) playing their toughest schedule in the history of women's sports at Mass. Maritime. This team was competitive with every opponent because these women always came to play and never gave up. Led by seniors Tricia Kelly, Trish Demers, Kerry Pontes, and Capt. Chris Ratches the "buckets" had a season that they and their opponents will not soon forget. Seniors Trish Demers and Chris Ratches have accomplished something that no other woman at Mass. Maritime has ever done. Trish won the honor of MASCAC 2nd Team All-Conference in 1993 and Chris won MASCAC 1st Team All-Conference in 1992. The outlook is promising for Coach Flanders in the upcoming years with a strong, young team.

SOFTBALL

The women's softball team played a tough schedule this year in a revised season. The dedicated group of women that "stuck out" this season under adverse conditions, gained experience and memories they will never forget. Even with the pressures of a changed cruise and Coast Guard exams, seniors Trish Demers and Chris Ratches finished their Maritime careers on a strong note. The outlook is high for upcoming years with a very talented young team. "Go Bucs!"

CLASS OF 1944 TO CELEBRATE 50TH REUNION

By Donald Berlo

With World War II in full swing there were two classes to graduate in 1944. The course was condensed to 16 months and all men went out to sea.

The first class graduated 74 midshipmen on May 4th. This was the 100th class to graduate from Mass. Maritime Academy (formerly Mass. Nautical School). The second class graduated 35 midshipmen on September of 1944.

With the ending of World War II many graduates went on to further education while others found employment ashore as well as at sea. In one of these photographs taken at a Boston Marine Society function, 45 years after graduation, we find a Ship Captain, Engineering Manager, Coast Guard Admiral, Company President, Judge, National Sales Manager and an Author.

Both classes will celebrate their 50th on Homecoming Weekend on Friday October 7th to Sunday October 9th. The class will be staying at the Sandwich Motor Lodge on Route 6A.
